**Self-check — PMP Exam Orientation and Study Plan**

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

| # | Criterion                                                                                   | Evidences | ✓ |
|---|---------------------------------------------------------------------------------------------|-----------|---|
| 1 | Your per-domain question counts are 56 / 70 / 44 and sum to exactly 170.                    | LO1       |   |
| 2 | Your pacing figure is 80 seconds per question, derived from 240 minutes / 180 questions.    | LO1       |   |
| 3 | Your study plan gives Process the largest hour allocation of any single domain.             | LO1       |   |
| 4 | Your study plan contains at least two full-length timed mocks in the final week.            | LO1       |   |
| 5 | For each scenario you named a heuristic, not just a letter. If you only wrote "C", redo it. | LO1       |   |
| 6 | Your PDU log names the provider, the course reference C523, and 35 contact hours.           | LO1       |   |
| 7 | You recorded a numeric baseline score you can compare against in Lab 24.                    | LO1       |   |

**Debrief check**

Your per-domain question counts are 56 / 70 / 44 and sum to exactly 170.
