

ACTIVITY 8 — CHECKLIST**Team Charter, Ground Rules and Shared Vision**

TYPE	DURATION	MAPS TO	TOPIC
Workshop	75 minutes	LO2	2 - Start the Project

Name	
Date	

Self-check — Team Charter, Ground Rules and Shared Vision

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	Your vision is under 30 words and you can trace it to at least two Lab 06 success criteria by number.	LO2	
2	You can state the difference between the project charter (Lab 06) and the team charter, including who issues each.	LO2	
3	Every ground rule has a violation test. If you cannot describe what breaking it looks like, rewrite it or delete it.	LO2	
4	Your definition of done separates "done" from "released", and you can explain why merging the two would stall the team between week 18 and 30 June.	LO2	
5	Your decision table uses at least two different rules and names a specific person as decider for every command-rule row.	LO2	
6	Your architecture row names a decider for the deadlock case, decided before any deadlock exists.	LO2	
7	Your skills matrix identifies at least three single points of failure, each with a named owner and a dated mitigating action.	LO2	
8	Your graduated response starts at "name it in the moment" and states which categories of breach bypass the ladder entirely.	LO2	

Debrief check

Your vision is under 30 words and you can trace it to at least two Lab 06 success criteria by number.
